

Yacht Connexion presents *Aqua Life*

Aqua Life, a Horizon FD87, is a spacious vessel designed for comfort, convenience, and enjoyment. The exterior has sleek but aggressive lines that perfectly blend with the plumb bow hull design for incredible seaworthiness.

Aqua Life welcomes you aboard on a spacious aft deck with a full wet bar and seating for 10. Step inside to a salon adorned with full-height windows, a day head, and optional formal dining. The galley has the option to remain open or fully partitioned off for formal settings. The full-beam on-deck master has a king-size bed, vanity, seating area, and storage throughout.

Belowdecks, the guest companionway is welcoming and functional, as it is equipped with a washer, dryer, and linen storage. Further, you'll find four ensuite guest

accommodations, one being a twin cabin with a sliding berth. Each stateroom is furnished with cedar-lined closets and LED TVs, so all the guests feel the comforts of home.

Stairs lead up to a full skylounge, combining the helm station into a gathering area with a desk, day head, and a comfortable settee. The FD line is notable with its forward-facing windows, which help the skylounge stay cool, protect helm equipment, and feel even more expansive. Out on the deck is a full wet bar and settee under cover, and a hi-lo propane grill next to the davit and tender. Lastly, on the bow is a large forward-facing settee, a sunpad for laying out, and a wet bar for drinks. The bow has an optional shade that will keep the seating cool on a hot day.

Aqua Life has been professionally maintained by a single owner since delivery and she's now ready for her new owner. 🍷
