

## HORIZON YACHT AUSTRALIA

Since its inception in 1987, Horizon has exceeded the standards for design and craftsmanship in the world of luxury yachts.

Set to debut its RP100 Superyacht at this year's Sanctuary Cove International Boat Show, Horizon has customised this watercraft for the Australian market. The RP100 offers a traditional superyacht configuration, with a spacious main salon opening from the aft deck and leading into

the dining area with a grand country-kitchen-style galley forward. The raised pilothouse is accompanied by a large built-in settee, while the open flybridge offers U-shaped seating and a dinette, a wet bar and grill, and davit for launching the tender.

Four staterooms are positioned on the lower deck, with the full-beam master amidships, a VIP in the bow and two twin cabins to port and starboard.

A rich Wenge wood in a satin finish highlights the interior of the RP100, which is further enhanced by a built-in bar and entertainment cabinet extending along the starboard side in the main salon. Comfortable furnishings add to the atmosphere of casual elegance, where the large windows enjoy prominence.

Horizon is located at Pier G.
